

Hi, I'm Terri!

Thank you for the honor of considering my Wedding & Event Planning services! I am an animal-loving, Austin native with roots planted right here in Dripping Springs! Over the last ten years, I have thrived on assisting groups and couples with coordinating and hosting their weddings and special occasions. And I've been blessed to be part of The Alexander at Creek Road team for the past two years. We should really call it a family! We are all sincerely invested in our clients and actively work to ensure we provide the best experiences! In addition, my degree and background in Marketing & Sales means I can handle every step of event planning, executing and seamlessly defusing any potential challenges on Your Wedding Day with confidence and respect! What I bring to the table is an excellent combination of creativity, experience, organization — and an honest love for exceptional events!

Did you know that couples typically spend **HUNDREDS of hours** on wedding planning? Whew, that's A LOT of time! Let me sweat the details so you can focus on your relationships, family, career, school, projects and sleep! In partnership with me, you'll be able to ENJOY the planning process instead of stressing about it. And let me ensure it happens within your budget! You make the decisions, determine the style, theme... all of it. Allow me to collaborate with you, help to focus your vision and organize it into an easily manageable recipe for a remarkable affair!

This truly is my passion and I commit to dedicating all my energy (**and trust me, I have oodles**) to making Your Wedding Day absolutely wonderful! The Alexander at Creek Road is a magical place to begin your Forever!

Let us help make this your ***First, Best Day*** together! You won't regret it. Enjoy your precious time. Let's chat! ***The Best Days Are Yet To Come!***

Happy Bride Caroline
